

I support K-LOVE radio, which provides wholesome, encouraging, family-focused programming to my local community via FM translator service. I am greatly concerned that the proposal to give LPFM priority over FM translator service could possibly result in the loss of the K-LOVE service in my community. As a family-focused radio broadcaster, K-LOVE offers a service that is in the public interest by providing an alternative to the mainstream, commercial radio service, which often contains crude and family unfriendly content. K-LOVE is received in my area via station 94.3, Elgin/Chicago.
